

Worship

Welcoming people: Inspiring Music: Thought-provoking Preaching:

Saint Andrew's has a long history of providing a warm traditional style of reformed worship that connects our relationship with Jesus Christ to our daily living.

Through quality music and thought provoking preaching, we encourage all to grow in their faith and commitment to serve the Mission of God in all they do.

We welcome many international visitors, who drawn by the unique architecture of this building, discover a friendly community who encourage them to feel at home.

Worship is always followed by morning tea in the fellowship hall.
